TOUCHING LIVES

For us every query is not just a number. It drives us to reach out and touch lives round the clock.

12 year old Roshita Banerjee, a stroke paralytic suffering from a rare disease Moyamoya, urgently needed Peptamen in Indore, a feed powder on which she is 100% dependent, and which was completely unavailable in Madhya Pradesh. With just 1 packet left that would last her 5 days, it was a race against time.

Invest India worked tirelessly, with Delhivery and Blue Dart to ensure that the package reached her all the way from Ahmedabad in time.
